

# Ilana XLow

**13661** The stylish Ilana bedside table is made of very durable materials such as solid laminate and aluminium. The Ilana Hospital bedside table low model, is very compact and matches perfectly with the XLow bed range.

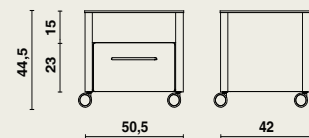

## Low model with drawer

- The sides are made of 8 mm solid laminate panels that are assembled between 4 aluminium corner profiles.
- Metal design handle.
- An open compartment is accessible from above, thanks to the opening in the tabletop.
- The drawer is made of steel plate and has a solid laminated front.
- The drawer glides on 2 synthetic rails.
- Aluminium and steel parts are protected by an epoxy-coating.
- Tabletop in solid laminate with rounded corners.
- Bedside table on legs.
