Anwendung / Verarbeitung

Geeignet für viele Arten von Bepolsterungen und Bespannungen in der Polsterindustrie. Besonders geeignet für den Einsatz im trendorientierten Wohn- und Objektbereich, in öffentlichen Gebäuden und Einrichtungen. Problemlose Verarbeitung nach den üblichen Verfahren (Nähen, Heften, Kleben, Nageln). Keine Lösemittelkleber verwenden!

Sonstige Hinweise

Für dauerhafte Freude an ihrem skai® Material bitte regelmäßig reinigen. Verschmutzungen durch Öle, Fette und Tinte müssen umgehend entfernt werden. Benutzen sie hierzu eine warme, milde Seifenlauge und ein Mikrofasertuch oder eine weiche Handbürste. Bitte keine Lösemittel, Chloride, Poliermittel, chem. Reinigungsmittel oder Wachspoliermittel einsetzen. Bitte beachten sie, dass Anfärbungen durch Jeans oder andere Textilien von jeglicher Herstellergarantie ausgenommen sind.

Besondere Hinweise

Unsere anwendungstechnischen Empfehlungen in Wort und Schrift, die wir aufgrund unserer Erfahrung entsprechend dem aktuellen Kenntnisstand weitergeben, sind unverbindlich und begründen kein Rechtsverhältnis und keine Nebenverpflichtungen aus dem Kaufvertrag. Sie entbinden den Käufer nicht davon, unsere Produkte für den vorgesehenen Verwendungszweck in eigener Verantwortung selbst zu prüfen. Im Übrigen gelten unsere allgemeinen Geschäftsbedingungen. Hiermit verlieren alle früheren, anderslautenden Regelungen ihre Gültigkeit.

Application / Processing

Suitable for many kinds of upholsteries and coverings in the upholstery industry. Especially suitable for the use in the modern residential and contract area, in public buildings and institutions. Problem-free processing in the usual procedures (sewing, tacking, sticking, nailing). Do not use solvent-based adhesives!

Other instructions

For durable joy with your skai® material, please clean regularly. Clean with warm water or a mild soap sud and a micro-fibre cloth or a soft hand brush. Stain caused by oil, fat or ink must be removed immediately. Please do not use solvents, chloride, abrasives, chemical cleaning agents or wax polishes. Please note that colorings caused by jeans or other textiles are excluded from any manufacturer's guarantee.

Special notes

Our written and spoken technical recommendations, which we provide based on our experience in accordance with the current state of knowledge, are nonbinding and do not constitute a legal relationship and are not additional obligations from the purchase agreement. They do not release the purchaser from checking our products for the intended use under his own responsibility. Otherwise, our general terms and conditions are in effect. All earlier provisions to the contrary hereby become invalid.

Aplicaciones / Manipulación

Apto para múltiples tipos de tapizado y revestimientos para la industria del mueble tapizado. Especialmente diseñado para el empleo en espacios modernos tanto públicos como privados, en edificios públicos e instituciones. Aplicación sencilla por medio de procedimientos habituales (cosido, hilvanado, pegado, clavado). No usar pegamento disolvente.

Otros consejos

Para disfrutar de su material skai® por muchos años, límpielo regularmente. Las manchas de aceites, grasas y tintas deben eliminarse de inmediato. Utilice para ello una solución jabonosa suave y templada y un paño de microfibra, o bien un cepillo de mano de cerdas blandas. No utilice disolventes, cloruros, pulimentos, limpiadores químicos ni abrillantadores de cera. Recuerde que la garantía del fabricante excluye cualquier transferencia de color causada por tejados y otros materiales textiles.

Advertencias especiales

Nuestras recomendaciones técnicas de aplicación, verbales o escritas, que facilitemos sobre la base de nuestra experiencia y de los conocimientos técnicos más actuales, no son vinculantes en ningún caso ni constituyen un compromiso contractual o responsabilidades añadidas al contrato de compraventa. No eximen al comprador de verificar personalmente nuestros productos para el uso previsto y bajo su responsabilidad. En todo lo demás, se aplicarán nuestras condiciones generales, lo que supone la nulidad de cualquier otro acuerdo previo.

PurFect

BEKLEDING VOOR INTENSIEF, GEMEENSCHAPPELIJK EN PROFESSIONEEL GEBRUIK

UPHOLSTERY FOR HEAVY, CONTRACT AND PROFESSIONAL USE

- Hoge mechanische weerstand
 - Vrij van PVC en ftalaten
 - Bestand tegen oliën en alcohol
 - Zweet, bloed en urine bestendig
 - Bacterie- en schimmelwerende behandeling
 - Uitstekende brandwerendheid
 - Beschermd tegen UV-stralen
 - Getest op schadelijke stoffen
- *High mechanical resistance*
 - Free of PVC and phtalates
 - *Resistant to oils and alcohol*
 - *Perspiration, blood and urine resistant*
 - *Anti-bacterial and microbial treated*
 - *Excellent fire resistance*
 - *Resistance to UV-light*
 - *Tested for harmful substances*

ONDERHOUDSVOORSCHRIFTEN

Reinigen met een vochtig doek en neutrale zeep. Vervolgens nabehandelen met schoon water.
Vermijd het gebruik van reinigingsproducten die oplosmiddelen bevatten. Voor desinfectie van het materiaal mogen de ontsmettingsmiddelen die goedgekeurd zijn worden toegepast. Een overzicht met geteste ontsmettingsmiddelen is op aanvraag verkrijgbaar.

CARE ADVICE

*Clean with a ph neutral soapy water. Always rinse with clear water. Do not use cleaning products containing solvents.
Disinfectants that have been approved may be used to disinfect the vinyl.
An overview of tested disinfectants is available on request.*

GEBRUIKSWIJZE

Geschikt voor alle gebruikelijke stofferingen van meubilair. Geen lijmsorten gebruiken die oplosmiddelen bevatten.

MAKING-UP

All the usual procedures for upholstery. Do not use adhesives containing solvents.

Lichte kleurverschillen tussen leveringen zijn mogelijk. We raden altijd aan gebruik te maken van materiaal uit dezelfde productserie. *Slight color variations are possible between deliveries. We always recommend to use material from the same run.*

A HIGH PERFORMING AND EASY
CLEANABLE POLYURETHANE

Purfect voldoet aan de strengste eisen inzake brandweerstand en is uitermate geschikt voor ruimten waar een perfecte hygiëne van essentieel belang is. Het materiaal is vrij van PVC en ftalaten, waterdicht en voldoet aan de Oeko-Tex en Reach norm.

Purfect meets the strictest requirements for fire resistance and is ideal for areas where perfect hygiene is essential. The coating is free of PVC and phthalates, waterproof and meets the Oeko-Tex and REACH standard.

BV 0062 Wheel Mark certification for all products used for seats covering in cruise ships and ferries.

Barre à Roue BV 0062 pour les produits destinés au revêtement de sièges dans les navires de transport de personnes.

IMO Zertifikat für alle Produkte für den Einsatz von Sitzpolstern auf Fähren und Kreuzfahrtschiffen.

Clean regularly with a pH neutral soap and a soft brush. Always rinse with clear water. Do not use strong detergents, solvent cleaners, polish, wax, patent chemicals or other products not recommended by Cotting. Some stains like ball pen, coffee, wine, eosin and also jeans, should be cleaned immediately to avoid any permanent absorption into the vinyl. Be careful : we cannot be held responsible for transfer problems generated by dyes of poor quality. Cotting waives all responsibility for problems arisen out of ignoring the cleaning instructions.

Pour un entretien efficace, nettoyer régulièrement avec un savon au pH neutre et une brosse douce. Dans tous les cas rincer à l'eau claire. Tous détergents, solvants, détachants du commerce ne figurant pas dans la NF collectivité ainsi que tous les produits non conseillés par nos soins sont à proscrire. Nettoyer immédiatement les tâches telles que le stylo, café, vin, éosine ou encore jeans afin d'éviter une migration définitive dans la masse du tissu enduit. Attention: Nous ne pouvons être tenus responsables des problèmes de migrations liés à une teinture de mauvaise qualité. Cotting dégage toute responsabilité quant aux problèmes encourus liés au non respect des consignes d'entretien.

Regelmässige Reinigung mit lauwarmen Wasser, pH neutraler Seife und einer weichen Bürste. Verwenden Sie keine starken, abrasiven oder lösungsmittelhaltige Reinigungsmittel, Polituren, Wachse, chemische Reiniger oder andere, nicht von Cotting empfohlene Produkte. Flecken insbesondere von Kugelschreibern, Kaffee, Wein, Blut oder Jeansstoff sollten sofort gereinigt werden, da sie später unter Umständen nicht mehr rückstandslos entfernt werden könnten. Warnung: Cotting übernimmt keine Haftung dafür, dass Verfärbungen des Kunstleders durch nicht ausreichend farbbeständige Textilien verursacht wurden. Cotting übernimmt keine Haftung für Probleme, die durch die Nichtbeachtung der Pflegehinweise entstanden sind.

Product certified CTB Components by the FCBA technological institute. Mechanical tests, durability, reaction to fire and resistance to food, household, pharmaceutical products, according to NF Office Excellence Certified, NF furniture, professional NF furniture.

Produit certifié CTB Composants par l'institut technologique FCBA. Essais de mécanique, durabilité, réaction au feu et tenue aux produits alimentaires, ménagers, pharmaceutiques, conformément aux référentiels NF Office Excellence Certifiée, NF mobilier professionnel, NF ameublement.

Die Qualität wurde vom französischen Prüf- und Technologieinstitut FCBA gemäß den CTB Komponenten zertifiziert. Entsprechend den Standards für den Einsatz in Büros (NF Office Excellence), Wohneinrichtungen (NF Furniture) und Objekteinrichtungen (Professional NF Furniture) wurden mechanische Tests, Tests auf Haltbarkeit, Brennverhalten und Beständigkeit gegenüber Lebensmitteln, Haushaltsprodukten und Pharmaprodukten durchgeführt.

CARE AND CLEANING

For optimum care and cleaning please read the following instructions and recommendations.

Cleaning instructions

Brush off dirt before it becomes embedded in the vinyl and wipe up spills or clean quickly after a stain appears. The quicker you clean spills and stains, the easier they can be removed.

1. Use a mixture of mild-soap (pH neutral) and water solution (use 1 part soft soap and 10 parts water) to clean vinyl with a white soft cloth or sponge.
 2. Use clean water with a soft cloth to remove excess soap.
 3. Immediately dry vinyl with a white, clean, soft cloth. No soap should remain on the vinyl surface.
 4. Light colors, such as white, require more frequent cleaning.
- Note: If dirt is embedded, you can rub vinyl moderately with a soft brush and soapy solution, then go to step 2 and 3.

Cleaning methods to remove tougher stains

1. The key to keeping vinyl upholstery clean is removing grease, dirt, and residues as quickly as possible after the spill occurs.
2. Do not use abrasive or solvent cleaners, especially cleaners containing concentrated bleach, petroleum distillates or concentrated detergents.
3. For dried stains, vinyl can be cleaned with a soft detergent and water mixture (use 1 part soft powder detergent and 5 parts water). Apply the solution to the stain and wait a minute or two to allow the detergent to act. Then lightly rub the area and rinse thoroughly with clean water. Be sure to completely remove all soap residues. Dry vinyl with a clean, soft cloth.
4. Liquid spills (Coffee, Tea, Liquor, Wine, Sun-tan Lotion, Soft Drinks, etc.) If cleaned before the liquid dries, the spill can easily be removed using a paper towel to absorb the liquid. Clean the area with a moist and clean cloth, then blot dry. In case that the spill is already dried, go to step 3.
5. Thick, moist spills (Ketchup, Mustard, etc.): Lift as much of the spill as possible with a damp cloth, rotating the cloth as you wipe without pressing it into the vinyl surface. Repeat this process as needed, and then blot the vinyl dry. If residue still remains, go to step 3. Flush the area with water and apply a clean cloth, then blot dry.
6. Blood, Urine Stains, Bird Excreta: Sponge with soapy water containing a small amount of household ammonia (1 part pH neutral soap, 5 parts household ammonia, 5 parts water). Clean the excess soap by gentle rubbing with a moist cloth. Any remaining stain should be washed with diluted bleach (10% bleach, 90% water). Dry with a clean cloth.
7. Lipstick, Grease, Oil, Eye shadow, Shoe Polish: Apply a small quantity of household cleaner (like Fantastik® or Formula 409®) mixed with water (1 part cleaner, 1 part water) by means of cloth with gentle rubbing. Use a moist cloth until no cleaner residues remain. Dry with a clean cloth.
8. Ballpoint Ink, Permanent Marker: Ink spots will stain vinyl permanently. Immediate wiping with a 1:1 mixture of Isopropyl alcohol and water will remove much of the stain. Follow up with clean water rinses and towel dry.

- Lysol Foaming Disinfectant Cleaner • Microzid • Oxivir TB Wipes
- Oxydine Diluted -3oz/gl in water • PDI Sani-cloth bleach wipes
- Sanicloth AF 3 • Sodium Hypochlorite. Disinfectant. Bletach cleaner. Dilution: 1:10 mix of bleach and water. • Surfanios Premium (in 0,25% dilution) • Surfa'Safe Premium (in 0,25% dilution) • Super Sani-cloth
- Virex II 256 (1:256 Dilution) • Virox 5 Rtu • Wet wipe • Wex Cide 128 (1:128 dilution)

Rinse the area with clean water, then dry with a clean, lint-free cloth after using any disinfectants and cleaners.

Cleaning after Disinfection:

The coated fabric should be cleaned periodically in order to maintain its appearance and prevent build-up of dirt and contaminants. Any stain, spills, or soiling should be cleaned up immediately to prevent the possibility of permanent staining.

Use a mixture of 1:1 liquid soap (neutral pH) and water or our approved cleaning products for coated fabrics to remove stains on the surface of the material. Completely remove excess cleaner with a white, clean, damp cloth; and dry the surfaces afterwards. Lacquers, strong cleaners, detergents, xylene-based solutions, acetone, or ketone (MEK) cause immediate damage and contribute to the deterioration of the material. The use of such cleaners is at the owner's risk.

Cleaning methods to remove tougher stains

Step 1: Coffee, juice, red wine, sauces, chocolate, grease, crayon and suntan lotion. Remove excess spill with a damp cloth. Clean with a 1:1 mix of neutral liquid soap and water. Next, rinse with clean water and dry.

Step 2: Make-up Use a straight application of neutral PH soap. Wipe with a clean white cloth or soft brush, rinse with clean water, and dry.

Step 3: Blood, urine, faeces and all other tough stains Use a 1:10 mix of Isopropyl alcohol and water. Rinse thoroughly with clean water and dry.

For cleaning: use a soft white cotton cloth saturated with the recommended cleaning agent and rub the stain in random circles, ten times or more. Pat dry with another soft white cotton cloth and check the results. Do not use steel bristle brushes, abrasive scouring pads or metal, these cause permanent damage to the fabric. Methods 2 & 3 are not recommended for everyday cleaning! After cleaning, rinse the area with clean water, then dry with a clean, lint-free cloth. Failure to remove chemical residue will cause discolouration of the coated fabric surface to manifest itself earlier in the life cycle of the product.

CARE AND CLEANING

For optimum care and cleaning please read the following instructions and recommendations.

Disinfectant Use

The following information refers to the performance of PERMABLOK^{3®} products in specifics tests, conducted under laboratory conditions. Results may vary under actual conditions:

- Asepticare TB + II • Antifect (in 0.5 % dilution) • Caviwipes XL Packed
- Cleanisept Wipes • Clorox Healthcare Bleach • Germicidal Wipes
- Coverage Plus Germicidal Wipes • Desomed rapid • FD 366
- Hydrogen Peroxide Cleaner Disinfectant Wipes • Instrunet Anionsurf
- Lysol Foaming Disinfectant Cleaner • Microzid • Oxivir TB Wipes
- Oxycede Diluted -3oz/gl in water • PDI Sani-cloth bleach wipes
- Sanicloth AF 3 • Sodium Hypochlorite. Disinfectant. Bletach cleaner. Dilution: 1:10 mix of bleach and water. • Surfanios Premium (in 0,25% dilution) • Surfa'Safe Premium (in 0,25% dilution) • Super Sani-cloth
- Virex II 256 (1:256 Dilution) • Virox 5 Rtu • Wet wipe • Wex Cide 128 (1:128 dilution)

Rinse the area with clean water, then dry with a clean, lint-free cloth after using any disinfectants and cleaners.

Cleaning after Disinfection:

The coated fabric should be cleaned periodically in order to maintain its appearance and prevent build-up of dirt and contaminants. Any stain, spills, or soiling should be cleaned up immediately to prevent the possibility of permanent staining. Use a mixture of 1:1 liquid soap (neutral pH) and water or our approved cleaning products for coated fabrics to remove stains on the surface of the material. Completely remove excess cleaner with a white, clean, damp cloth; and dry the surfaces afterwards. Lacquers, strong cleaners, detergents, xylene-based solutions, acetone, or ketone (MEK) cause immediate damage and contribute to the deterioration of the material. The use of such cleaners is at the owner's risk.
