Vico Care

08750 The Vico nursing bed combines well-tried technology with a homely look. The hydraulic high/low adjustment guarantees maximum stability, flexibility and safety.

Carriage

- Hydraulic high/low adjustment by means of support arms.
- The steel frame is finished with a removable vacuum-formed synthetic cover cap (*).
- Trendelenburg adjustment up to ±12° (*).
- Reverse Trendelenburg adjustment up to ±13° (*).
- High-quality design castors Ø 125 mm, with separate brakes.
- Design pedal to activate the central brake mechanism (*).

Mattress platform

- Three- or four- (*) section mattress platform.
- Adjustable backrest up to ±70° with auto-regression by means of a gas spring.
- Adjustable knee rest up to ±34° by means of a gas spring (only with 4 sections).
- Legrest or footrest are manually adjustable.
- Equipped with rounded steel mattress platform profiles.
- Available with removable solid laminate mattress platform sections of 6 mm (*).
- Backrest and footrest are equipped with 2 synthetic mattress holders.
- Standard equipped with a telescopic bed extension up to + 20 cm.
- The head of the bed is equipped with 2 cases to install an IV rod or lifting pole.
- No visible fastening bolts on the foot panel.
- Bed panel available in solid oven-dried beech (*).
- Rounded corners to increase the passive safety.

Electric bed manipulations

- High/low adjustment by means of pedals within easy reach on both sides of the bed.
- The Trendelenburg position is activated by means of the pedal at the foot of the bed (*).
- The gas spring-supported backrest and knee rest can be adjusted by means of a lever on both sides of the bed.

Paneltypes

- Midea (standard and only with Pollux)
- Valentino (*)
- Hypnos (*)
- Felina (*)

Sideguards

- Pollux (*)
- Trix (*)
- Atmosphere (*)
